Your wedding album

We use Folio's Fine Art Albums - High quality, bespoke design and 100% hand made in Britain.

The Albums are square and unlike traditional photographic prints, Folio's ink does not crack or discolour. There are lots of lovely cover options for you to choose from such as hand dyed vintage and eco leathers, 100% silk, coloured cotton, and canvas. Your Album will be displayed in a presentation box made from 70% recycled board and the other 30% comes from sustainable sources.
