## I like to blend in

**When it comes to weddings I love the journalistic style, blending in with the wedding couple, family and guests. Being unobtrusive and let the day unfold naturally whilst making sure I capture the signature moments.**

I strive to tell the complete story of a very special day from pre-wedding preparations to the festivities in the evening. Having come here from The Netherlands I find myself surrounded by the most beautiful scenery and locations that I have ever seen. It is an endless inspiration!

## You are in the directors chair

But ultimately you, the wedding couple are in the directors chair. Together we will work out in detail how your day will be recorded. I live and work from Skelton-in-Cleveland in the North East of England and I welcome requests from North Yorkshire as well as the rest of the UK!

## How much will it cost?

Every wedding is a unique experience. It is up to you how long you want me there.

- Shall I cover the wedding from the pre-wedding preparations to the first dance or for example just the church ceremony or outdoor portraits?
- Would you like a pre-wedding shoot in which we can get acquainted to each other and explore the wedding venue or a place that means a lot to you?
- Do you like me to make you a wedding album or do you want to do it yourself?

There are a lot of variables involved and together we can construct a package that suits your wishes best.

All of my packages include a home consultation so we can discuss your particular requirements, talk through the various packages or make a bespoke package catered to your needs.

£150.00 Deposit secures your wedding date, with the balance due 6 weeks prior to wedding.
