Price Guide

Weddings

2018 Edition

Welcome and thank you for your interest in our wedding photography, it really is a privilege to know that you are considering us for your special day. It's a responsibility we take very seriously.

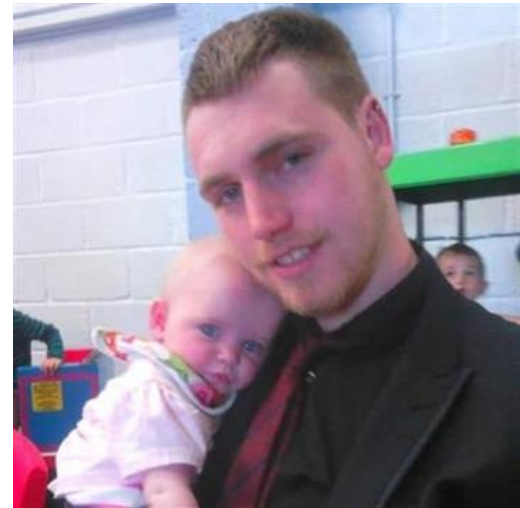

Our photography team has now grown to four members and that number will increase in 2018 as we look to expand our service. In 2017 we won awards from The Wedding Affair and BrideBook as well as secured new partnerships with UK based Loxley Colour, Folio Albums and global leaders, GraphiStudio in Italy, to bring you exciting new products, which appear in this price guide.

Please look through this guide, if you have any questions please do not hesitate to contact the team or myself directly, we are very happy to help. It's important to remember, whilst we talk about expansion and a bigger business, we are still and always will be the small photography company devised by three friends and built on love and passion (with added sweat and tears). So, when I call this document a price guide, I really mean it. Prices are not fixed, if you are looking at multiple elements let us know, let us give you a bespoke quote.

Additionally many of our products can be purchased after your event (eg. Albums and prints) so there is no need to commit to anything.

Thank you for custom and look forward to chatting with you.

We look forward to hearing from you.

We have always strongly believed in giving back to the community in which we serve and using our influence as a local employer to be a force for good. That is why when you book our services we donate 10% to the RNLI to help them continue their brave and crucial life saving work.

We also actively support the LGBT community and its movement worldwide, contact us for more information.
