ABOUT ME

Natural & Creative Wedding Photography...

I love weddings and I love photography. Put the two together and for me its a match made in heaven...my perfect vocation!

I like to think that I show my love of what I do in the images that I capture with a style that can be best described as Natural and Relaxed with a Creative twist.

My aim is to provide you with a visual documentary of your big day which will evoke memories and emotions everytime you view your photographs.

With a fun, relaxed and unobtrusive approach you can rest assured that your story will be told your way....

COVERAGE

Coverage starts in the morning for bridal preparations and ends a little after the first dance in the evening.

I dont limit the amount of hours I attend as I believe that your wedding is unique to you, I leave once I feel I have captured everything needed to tell your wedding story!

If you have anything planned that you want photographed then just let me know...I'm always willing to try something a little different so feel free to share your ideas for YOUR wedding and together we will make it happen.

YOUR WEDDING; YOUR STORY

GETTING MARRIED IS A ONCE IN A LIFETIME EVENT. LET ME CAPTURE THOSE MEMORIES...

I'll arrive at a pre-agreed time ready capture the emotions and moments that define your day.

I'll photograph all the little details that make your wedding unique to you and I'll document the days events including your ceremony, speeches, formal photographs (if required) first dance and any candid/natural moments. In addition we'll create some stunning portraits of you both that you'll treasure forever!

I'll leave in the evening in the knowledge that the images I've created will tell the story of YOUR WEDDING and will be treasured for years to come.

PRESHOOTS

AN OPTIONAL PRESHOOT BEFORE YOUR WEDDING CAN HELP PUT YOU BOTH AT EASE IN FRONT OF THE CAMERA...

Taking place approximately 3 months before your wedding, the shoot is a fun and relaxed way to get to know each other and the way in which I work. After the shoot you'll have access to a private online gallery to view your images and I'll also provide you with Framed Signing Mount for your guests to sign on your wedding day!

FINE ART ALBUMS & USB

YOUR WEDDING MEMORIES IN DIGITAL AND PRINT....

Preserving your memories within a gorgeous, handmade Fine Art Album is without a doubt the best way in which to relive your big day. I've sourced some of the best albums available on the market which showcase your images in the most stunning of ways. Every album is made using natural ingredients and paper quality that defines luxury!

If an Album is not your thing then don't worry.... all wedding packages receive their images in High Resolution digital format presented on a gorgeous USB drive and ready to print at your convenience.
